

# CERTIFICATE ENGLISH LANGUAGE PROFICIENCY

AWARDED BY:  
**OSAC International College**

## Certificate in English Language Proficiency (CELP) Programme

The Certificate in English Language Proficiency (CELP) programme is designed to build our learners' competencies in the English Language. The programme offers you the opportunity to receive language instruction in a small group setting led by our outstanding English Faculty, so that you can receive assistance to master the language as you prepare for further studies at OSAC International College or work in Singapore.

Our Programme caters to the needs and foundation of our learners through our Elementary, Intermediate and Advanced levels.

### Programme Structure

This course is divided into 3 levels:

- ▶ **Elementary Level**  
The Elementary course brings students to Level B1 of the Common European Framework (IELTS 5.0 equivalent).
- ▶ **Intermediate Level**  
The Intermediate course brings students to Level B2 of the Common European Framework (IELTS 5.5 equivalent).
- ▶ **Advanced Level**  
The Advanced course brings students through Level C1 of the Common European Framework (IELTS 6.5 equivalent).

### Mode of Delivery

Classes are delivered through lectures and tutorials. A series of activities, such as writing exercises or role plays, are also incorporated at various stages and levels to foster learning of the English Language.

### Assessment Method

Every student will have to sit for two Aptis tests and one written examination (conducted by OSAC International College) during the four month programme. Each test and exam is designed to test the following skills according to the respective weightages:

Reading	30%
Speaking	40%
Writing	30%

At the end of the programme, your best Aptis score and the written exam result will contribute equally to your overall final result.

In collaboration with British Council, the CELP programme uses **Aptis** as an assessment tool. This innovative global assessment tool from the British Council allows our students' English levels to be measured effectively and efficiently over time, opening the door to future learning in a broad range of subjects. A student will be assessed at the start of the programme using Aptis and again at the end of the course. This allows our Faculty to determine the progress of the student from the start of the course.

In addition, the CELP programme will also use the **LearnEnglish Pathways (LEP)** self-access course that builds on British Council's proven expertise in English online learning. It offers a variety of interactive online lessons, focussing in particular on reading, listening, vocabulary building and grammar.

### Duration and Structure

**Full time:** 240 contact hours over 16 weeks  
5 days a week, 3 hours a day

## Award

Students who have achieved the following award criteria will receive the "Certificate in English Language Proficiency – Elementary/Intermediate/Advanced Level" by OSAC International College:

1. Complete and pass the Aptis test and written exam
